

Te Poi School

A small school where big things happen.

READING TOGETHER WORKSHOPS:

Starting 5th March. A series of 4 workshops designed to take the stress and frustration out of listening to your child read and turn that into success for all. Limited to 8 families. Please register your interest.

ONE VOICE PRODUCTIONS:

Want your child to learn how to sing or play a musical instrument? As we like to see your child have many varied opportunities for learning, these lessons can be undertaken during lunch times on school days. So far we have interest in keyboard and guitar. If you are interested in either of these options please let us know.

LIBRARY HELPER NEEDED:

Do you have time to spare that you could assist in our library? We are seeking a helper to load new books onto our computer, repair books and generally help in and around our library. Full training given! Contact Sandra Clark if you can help.

Principal's Comment:

A big welcome to our newest pupil Zeth Horne, taking our roll to 54!

Our first round of reporting on student achievement is coming up in March. We have modified our reports to align with National Standards' requirements for 6 month and year anniversary reporting times. Year 1 to 3 students are reported on differently to year 4 to 6 and this is reflected in our new reports. We will be discussing your child's entry levels for their particular school year and then progress at 6 months and after that year. The report also has next learning steps for both in class and at home support. It sounds confusing but hopefully will become clearer at the first round of parent interviews.
