Principal's Comment:

Even though it is the final term of the year the learning doesn't slow down at Te Poi. There is a strong focus across the school on our core learning areas of reading, writing and mathematics. We believe it is important to maximize all the learning time we have at school to ensure the brightest future for our students.

This term we also have Ben from Project Energize who is working with all classes on athletic skills, nutrition and small ball games and skills, as we understand the importance of a well-rounded and balanced education.

Linda Larsen, Principal
