Principal's Comment:

This week we are proud to be part of NZ's first ever Bullying Free Week. As a board we have reviewed our anti-bullying policy, realised it wasn't what we needed and used the 'Bullying Prevention and Response' book from the government to rewrite our policy and have clear guidelines and procedures for the staff to follow concerning behaviour and incidents in our playground and classrooms.

Policies and procedures are only as effective as those that use it. As a school we can't make a difference if we don't know. Please don't hesitate to talk to us about any incident – no matter how small – as small things add up. Together we can make a difference.
