Principal's Comment:

ERO has been and gone with many good things to say about our
school. They were very impressed with how articulate our students
were about their learning at all age groups. They saw outstanding
teachers doing great work in all classrooms. They were impressed
with the high level of teacher competency in our beginning
teachers. The kapa haka group shone both at the powhiri and
during their regular practice day. It brought a tear to the ERO
reviewers' eye, and that is saying something! The team were very
positive about our school, the work we are doing for all our students
and the direction we are going.

We look forward to reading their review in a few weeks time.
