COMMUNITY NEWS

Principal's Comment:

You may remember that teachers and principals took strike action twice last year to send a message to the Government that more needed to be done to fix the teacher shortage and make teaching a more sustainable and attractive profession.

After conversations with government in January, our union, NZEI Te Riu Roa, has agreed to return to formal negotiations with the Ministry.

Any progress in negotiations will be reported to teachers and principals at paid union meeting on March 20th.

Public polling has showed continued strong support for what we are trying to achieve for our students and the future of the teaching profession. Parents in particular see the struggles we already face in hiring teachers and finding relievers when teachers are sick.

We greatly appreciate your continued support as we continue our campaign to ensure every child gets the best possible teaching and learning.
