Principal's Comment:

Do you ever wonder why teachers do what they do at school with the students? If you do, then keep reading.

Our overall guide is the New Zealand Curriculum Document for English-medium teaching and learning in years 1-13.

This document outlines the vision, values, key competencies, principles and also achievement objectives in subject areas.

To go alongside this document is our own amazing Te Poi School Curriculum. This covers the above headings with our local wording and activities including the thinker/whakaaro, learner/akonga and citizen/kiriau.

The key competencies are woven into all learning areas and are essential to student's lifelong success. Key competencies include thinking, using language, symbols and texts, managing self, relating to others, and participating and contributing. Have a think about what you do at home to help your children with managing themselves. Have a think about what success means for your family/whanau.

*He taonga rongonui te aroha ki te tangata
Goodwill towards others is a precious treasure.*
