

TE POI SCHOOL LOCKDOWN NEWSLETTER

Friday 15th May

Welcome to the final lockdown newsletter

Monday school resumes as normal. Schools are safe. All buses & the Minivan are up and running from Monday. Students will be asked to hand sanitise as they enter the vehicles. Hand sanitiser will be on each vehicle.

Please bring named drink bottles as the water fountains will not be in use for another few weeks.

Drop off & Pick up Routines

Please follow the plan for the next few weeks.

I will be on duty with my stop/go sign and hand sanitiser to make sure everyone is safe.

Entering Classrooms

All students will line up outside their class when the bell goes. This way we can hand sanitise as they enter from the playground.

Assembly

These will be happening via Google Meet. Links coming next week.

Fun Friday's

These are back for the rest of the term. They are based on Dr Seuss books starting with Wacky Wednesday on a Friday!

There have only been 35 Covid-19 cases in children aged 0 to 9 years, and of those only 2 are still active. None of those cases was caught at a school. With our safe hygiene practices and new hand sanitizing routines, I can assure you your children will be safe and well looked after. The staff are ready and very excited to be getting back into the classroom with their students. See you all on Monday.
