

TE POI SCHOOL LOCKDOWN NEWSLETTER

Friday 22nd May

An update on current situation in the Waikato

We currently have no active cases of the virus in our region which, while we obviously need to remain vigilant in continuing our safety measures, should give us confidence in our ability to provide a safe environment for your children. The return to school has gone smoothly and it has been brilliant to see how excited the children have been getting back to their learning. We know some of you are still feeling anxious about sending your children back to school which is understandable. It is really important they do return, not just for their education but also their health and wellbeing.

Drop off & Pick up Routines

Please follow the plan for the next few weeks.

I will be on duty with my stop/go sign and hand sanitiser to make sure everyone is safe.

Entering Classrooms

All students will line up outside their class when the bell goes. This way we can hand sanitise as they enter from the playground.

Assembly

These will be happening via Google Meet. Links are on the website & Facebook.

Fun Friday's

These are back for the rest of the term. They are based on Dr Seuss books.

Instances of Covid-19 in NZ are very low and here in the Waikato we have no new cases, with the last reported on 10th May. The Ministry of Health has advised us that there is no instance in NZ of someone spreading the virus without ever having symptoms. Schools are safe but we will be keeping up our hygiene practices for as long as we are in Alert Level 2.
