Principal's Comment:

*Iti noa ana he pito mata
From a withered tree a flower blooms*

After 2 ½ years of COVID and now the flu knocking on our doors, we are all starting to feel a little withered! Sometimes we need to just pause and celebrate our successes and achievements, no matter how small. A big achievement is how we haven't had to alter or close any classes due to COVID; our learning has remained constant this year. Midyear testing is underway and the teachers are impressed with student progress despite all barriers. We have a great community backing our school. We have a team of student leaders running lunchtime activities and attending a mini conference in Rotorua. These are our flowers that are starting to bloom.
