Dreams become a reality, when we  
take action*

These beginning weeks of the year are about goal setting - individual, class and school wide. The board are finalising the annual goals and school strategic direction this week, classes are setting and establishing their routines and focus, and in 2 weeks you will have the opportunity to sit down with your child's teacher to set their learning goals. It is important to make a time with the teachers so they can learn more about your child/ren, what makes them tick, their interests and even their triggers. Please take a moment to complete the pre conference sheet and return it to the class teacher.
