Our Strategic plan for 2024 and 2025 has 3 goals. One of the goals is to support the wellbeing of students, staff and whānau by ensuring safe and inclusive learning environments. Our schoolwide behaviour changes are working on the safe aspect. We have actioned stand downs this year for extreme behaviours and have also seen the positive impact of "positive Friday's". Our students don't want to miss out so they personally work on their behaviour. Inclusive means accepting all children - no matter what they bring with them. Ensuring we are catering for the variety of needs our diversity brings. The full document is available on our school website.
